* Rating of other NRSROs translated to EJR's rating scale; we use the median rating, and for only two ratings, the lower rating.

** EJR rates the items as a Non-NRSRO. Ratings are based on Base case assumptions.

Transaction Summary

The transaction closed on Sep 29 2014 and matures in Sep 2044. The pool's current aggregate principal balance is \$903.5 million compared to \$975.8 million at close.

The largest loan of the pool (13.3%) is secured by Loews Miami Beach Hotel located in Miami-Miami Beach-Kendall, FL metropolitan area. Occupancy at the subject was 85%. The second largest loan of the pool (11.9%) is secured by Wilton Commercial Portfolio located in metropolitan area. Occupancy at the subject was 94%. The major tenants included Food Lion (5.42%) and Public Storage (3.54%). The third largest loan of the pool (5.4%) is secured by Myrtle Beach Marriott Resort & Spa located in metropolitan area. Occupancy at the subject was 69%.

Quantitative Analysis

Key Credit Metrics

CLOSING DATE	Sep 29 2014
WAC / NWAC	4.5686 / 4.5531
WAM / WALA	46 / 73
# Loans / Properties	58 / 182
Wtd Avg Orig / Appraisal LTV	65.39 / 64.90
Wtd Avg UW / Curr NOI Debt Yield	10.84% / 12.71%
Wtd Avg UW / Curr NCF DSCR	1.76 / 1.93
% Occupancy	82.92
% RemTerm <= 6mos	2.09

The weighted average coupon (WAC) and the weighted average age (WALA) were 4.57% and 73 months as of 10/10/2020, respectively. There are a total of 58 loans and 182 properties in the portfolio. The appraisal LTV was approximately 64.9% compared to the Original loan to value (LTV), which was approximately 65.4%. The most recent weighted average Debt Service Coverage Ratio (DSCR) was 1.93x. As of 10/10/2020, 2.09% of loans had a remaining term of less than 6 months. Weighted average occupancy was approximately 83%.

DSCR Distribution (x)

DSCRs ranged from -0.5x to 5.0x. There are 1 assets (1.8% of total balance) with DSCR between -0.5x and 0.0x, 3 assets (2.0% of total balance) with DSCR between 0.0x and 0.5x, 4 assets (3.2% of total balance) with DSCR between 0.5x and 1.0x, 9 assets (11.4% of total balance) with DSCR between 1.0x and 1.5x, 22 assets (35.0% of total balance) with DSCR between 1.5x and 2.0x, 8 assets (18.0% of total balance) with DSCR between 2.0x and 2.5x, 6 assets (11.3% of total balance) with DSCR between 2.5x and 3.0x, 1 assets (0.7% of total balance) with DSCR between 3.0x and 3.5x, 2 assets (15.1% of total balance) with DSCR between 3.5x and 4.0x, 1 assets (0.7% of total balance) with DSCR between 4.0x and 4.5x and 1 assets (0.8% of total balance) with DSCR between 4.5x and 5.0x. The most recent weighted average DSCR is 2.1x.

Maturity

Asset Maturity Distribution

There are 1 assets (1.8% of total balance) that have maturity dates between 2019/7 and 2019/12, 1 assets (0.3% of total balance) that have maturity dates between 2020/7 and 2020/12, 3 assets (4.0% of total balance) that have maturity dates between 2021/7 and 2021/12, 3 assets (2.8% of total balance) that have maturity dates between 2024/1 and 2024/6, 45 assets (83.7% of total balance) that have maturity dates between 2024/7 and 2024/12, 3 assets (6.5% of total balance) that have maturity dates between 2029/7 and 2029/12 and 2 assets (1.0% of total balance) that have maturity dates between 2044/7 and 2044/12.

Sensitivity Analysis

Summary

EJR used the capitalization rates ("cap rates") listed below for the different types of the properties and then calculated the value of the properties in the portfolio by considering the most recent NCF and the various cap rates.

Cap Rate Assumption

Type	OPTIMISTIC CASE	PESSIMISTIC CASE	Base Case
Lodging	7.75	9.00	8.25
Industrial	5.62	6.12	5.88
Multifamily	5.25	5.75	5.50
Manufactured Housing	5.75	6.25	6.00
Mixed	5.75	6.25	6.00
Office	6.25	7.00	6.50
Retail	6.75	7.50	7.12

EJR's Key Rating Features & Differences Compared With Other NRSROs

Below is a summary of EJ's approach (see our Methodology for rating Commercial Mortgage Backed Securities (CMBS) (Non-NRSRO) for more complete description):

1. Our ratings are derived from Loan to Value estimates (LTVs) and calculated Estimated Losses (ELs). The ELs are then compared to our EL matrices to derive the implied ratings.
2. To reflect the current bearish credit conditions, we have discounted reported pool assets' Net Cashflow (NCF) by 20% for the Base Case.
3. EJ's analysis is conducted using information and cash flow engines supplied by a recognized industry service provider.
4. Subject to economic conditions, EJ may cap its highest rating at "AA" and apply an additional downgrade of up to two notches for each tranche.

SEC Rule 17g-7(a) Disclosure

Below are the disclosures as required by Paragraph (a) of Rule 17g-7.

1. The symbol in the rating scale used to denote the credit rating categories and notches within categories and the identity of the obligor, security, or money market instrument as required by Paragraph (a)(1)(ii)(A) of Rule 17g-7:

There are three notches in each of EJR's rating categories (e.g., A-(sf), A(sf) and A+(sf) for category A(sf)) except for AAA(sf), CC(sf), C(sf) and D(sf).

2. The version of the procedure or methodology used to determine the credit rating as required by Paragraph (a)(1)(ii)(B) of Rule 17g-7:

We are using the Methodology for Rating Commercial Mortgage Backed Securities (CMBS) (Non-NRSRO) v1a and General Methodology for Rating Asset Backed and Structured Finance Obligations (Non-NRSRO) v1.

3. The main assumptions and principles used in constructing the procedures and methodologies used to determine the credit rating as required by Paragraph (a)(1)(ii)(C) of Rule 17g-7:

The credit rating assigned reflects EJR's judgement regarding the future credit quality of the issue. The major assumptions used to construct the methodologies include:

- 1). Past data reflects the performance and credit worthiness of the pooled assets and is useful for analysis.
- 2). Financial and credit information that EJR gets from the issuer or the third party is reliable and accurate.
- 3). The economy and regulation policies will remain stable in the foreseeable future.

Specific quantitative assumptions used in this credit analysis applied to the collateral assets, which include Loan-to-Value analysis and Cash flow analysis.

Asset diversification is not considered in this report.

4. The potential limitations of the credit rating as required by Paragraph (a)(1)(ii)(D) of Rule 17g-7:

EJR's rating pertains solely to EJR's view of current and prospective credit quality. EJR's rating does not address pricing, liquidity or other risks associated with holding investments in the issuer. EJR ratings:

- 1). Are not intended to address the value, price, price stability, liquidity, suitability, or merit of an investment.
- 2). Do not address whether a particular rated security is suitable for a particular investor or suitable for an investor's risk tolerance.
- 3). Do not address whether the expected return of a particular investment is adequate for the inherent risk.
- 4). Do not address whether the market value of the security will remain stable over time.
- 5). Are not exact measures of the probability of default but are instead expressions of the relative credit risk of issuers and debt instruments.
- 6). Are not recommendations to buy, sell or hold any security.

5. Information on the uncertainty of the credit rating as required by Paragraph (a)(1)(ii)(E) of Rule 17g-7:

EJR's rating is dependent on numerous factors including the reliability, accuracy, and quality of the data used in determining the credit rating. The data is sourced from issuers' publicly disclosed reports, or from third-party data vendors. For solicited rating reports, EJR may also use the information provided by the client. In some cases, the information is limited because of issues such as the lack of reported data. Such shortcomings are not always readily apparent. EJR aims to identify such shortcomings and make adjustments using its best judgement.

6. Whether and to what extent third-party due diligence services have been used in taking the rating action as required by Paragraph (a)(1)(ii)(F) of Rule 17g-7:

EJR does not utilize third-party due diligence services.

7. How servicer or remittance reports were used, and with what frequency, to conduct surveillance of the credit rating as required by Paragraph (a)(1)(ii)(G) of Rule 17g-7:

EJR did not conduct surveillance of this rating.

8. A description of the data that were relied upon for the purpose of determining the credit rating as required by Paragraph (a)(1)(ii)(H) of Rule 17g-7:

EJR uses a third-party data vendor to obtain essential data for ratings on this ABS product.

9. A statement containing an overall assessment of the quality of information available and considered in the credit rating as required by Paragraph (a)(1)(ii)(I) of Rule 17g-7:

The information used in this analysis is generally of high quality.

10. Information relating to conflicts of interest as required by Paragraph (a)(1)(ii)(J) of Rule 17g-7:

This rating is unsolicited.

11. An explanation or measure of the potential volatility of the credit rating as required by Paragraph (a)(1)(ii)(K) of Rule 17g-7:

EJR's rating aims to assess the possible loss of investing in the obligations. Factors which affect such projection, and in turn EJRs rating, include changes in the credit worthiness of the collateral assets, changes in the correlation between them, and overall economic changes.

12. Information on the content of the credit rating as required by Paragraph (a)(1)(ii)(L) of Rule 17g-7:

Regarding the historical performance of the credit rating, our rating transition matrix is available in our Form NRSRO, Exhibit 1.

13. Information on the sensitivity of the credit rating to assumptions as required by Paragraph (a)(1)(ii)(M) of Rule 17g-7:

See the section in the report entitled "Rating Summary".

14. If the credit rating is assigned to an asset-backed security, a description of: (i) the representations, warranties, and enforcement mechanisms available to investors; and (ii) how they differ from the representations, warranties, and enforcement mechanisms in issuances of similar securities, as required by Paragraph (a)(1)(ii)(N) of Rule 17g-7:

Such information in this analysis is non-public. Hence EJRs has determined that this disclosure doesn't apply to this report.

Disclaimer

THIS RATING IS ISSUED IN RESPECT OF AN "ASSET-BACKED SECURITY". EGAN-JONES RATINGS COMPANY IS NOT REGISTERED AS A NATIONALLY RECOGNIZED STATISTICAL RATING ORGANIZATION IN RESPECT OF "ASSET-BACKED SECURITIES" AND THE RATING IS NOT BEING ISSUED OR MAINTAINED BY EGAN-JONES IN ITS CAPACITY AS AN NRSRO. EGAN-JONES MAKES NO REPRESENTATION OR WARRANTY THAT ANY SUCH NON-NRSRO RATING MEETS ANY CONDITIONS OR REQUIREMENTS FOR USE OF A RATING.

ATTESTATION FORM

In compliance with the US Securities and Exchange Commission (SEC) Rule 17g-7(a), the Egan-Jones analyst who published the report is responsible for the rating action and to the best knowledge of the person:

- 1) No part of the credit rating was influenced by any other business activities,
- 2) The credit rating was based solely upon the merits of the obligor, security, or money market instrument being rated, and
- 3) The credit rating was an independent evaluation of the credit risk of the obligor, security, or money market instrument.
