Federal Agricultural Mortgage Corporation Class C (AGM) is in the govt support firms sector and its operating income was \$185.6M for the quarter ending March 2024 vs. \$144.3M for the prior year. Net income for the March 2024 quarter was \$53.7M vs. the prior year's \$47.0M income.

Founded in 1987 and headquartered in Washington, DC, Federal Agricultural Mortgage Corporation is a stockholder-owned, federally chartered corporation. It engages in the provision of a secondary market for agricultural real estate and rural housing mortgage loans, rural utility loans, and loans guaranteed by the United States Department of Agriculture. For the FQE Mar '24, net interest income advanced 9.2% to \$86.4M as higher interest income led mainly by the increase in Farmer Mac Guaranteed Securities and USDA Securities more than offset the expansion in interest expense (+39.5%). Likewise, non-interest income soared 36.6% to \$7.3M driven mainly by the increased gains on financial derivatives. These increases more than offset operating expenses incurred (+14.8%) resulting in a 14.3% improvement in net income to \$53.7M. Regarding leverage, total debt rose from \$24.8B to \$26.5B for the FQE '24 while total shareholder's equity rose from \$1.3B to \$1.5B. As a result, leverage (i.e., total debt/capital (including debt)) was 94.7%. Net Debt was \$25.8B for the most recent FQE and the resulting net leverage ratio was 94.6%. Net Debt is \$25.8B while Market Cap is \$1.8B as of 06/25/2024 (a ratio of 14.3:1). Affirming.

4. The potential limitations of the credit rating as required by Paragraph (a)(1)(ii)(D) of Rule 17g-7:

- Are not intended to address the value, price, price stability, liquidity, suitability, or merit of an investment;
- Do not address investment merit, whether a particular rated security is suitable for a particular investor or suitable for an investor's risk tolerance;
- Do not address whether the expected return of a particular investment is adequate for the inherent risk;
- Do not address whether the market value of the security will remain stable over time; and
- Are not exact measures of the probability of default but are instead expressions of the relative credit risk of issuers and debt instruments.

5. Information on the uncertainty of the credit rating as required by Paragraph (a)(1)(ii)(E) of Rule 17g-7:

Our rating is dependent on numerous factors including the reliability, accuracy, and quality of the data relied used in determining the credit rating. The data/ information (collectively "Information") is sourced from publicly-available 10Q and 10K statements, quarterly reports, 8K filings, earnings reports, and other similar sources. In some cases, the Information is limited because of issues such as short operating histories, lack of reported data, delay in reporting data, restatements, inaccurate accounting, and other issues. Such shortcomings are not always readily apparent.

6. Whether and to what extent third-party due diligence services have been used in taking the rating action as required by Paragraph (a)(1)(ii)(F) of Rule 17g-7:

EJR does not utilize third-party due diligence.

7. How servicer or remittance reports were used, and with what frequency, to conduct surveillance of the credit rating as required by Paragraph (a)(1)(ii)(G) of Rule 17g-7:

Servicer or remittance reports normally pertain to structured finance issuers; this report does not pertain to a structured finance issuer (EJR is not an NRSRO for structured finance or sovereigns/municipal issuers). Regarding surveillance, the minimum time period for corporation issuers is normally one year.

8. A description of the data that were relied upon for the purpose of determining the credit rating as required by Paragraph (a)(1)(ii)(H) of Rule 17g-7:

EJR uses 10Q and 10K statements, quarterly reports, 8K filings, earnings reports, and other similar sources for ratings on publicly-traded issuers.

9. A statement containing an overall assessment of the quality of information available and considered in the credit rating as required by Paragraph (a)(1)(ii)(I) of Rule 17g-7:

The information is generally high quality and readily available.

10. Information relating to conflicts of interest as required by Paragraph (a)(1)(ii)(J) of Rule 17g-7:

EJR is not paid to determine this credit rating.

11. An explanation or measure of the potential volatility of the credit rating as required by Paragraph (a)(1)(ii)(K) of Rule 17g-7:

Our rating aims to assess the probability of the payment of obligations in full and on-time. Factors which affect such probability, and in turn our rating, include changes in the operating performance of the issuer, changes in capital structure, and merger and acquisition events.

12. Information on the content of the credit rating as required by Paragraph (a)(1)(ii)(L) of Rule 17g-7:

EJR credit rating is an opinion about the relative creditworthiness of an entity or an instrument.
